Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Clarksville in the County of Coos in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Clarksville on Tuesday, the 9th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.

4. To see if the Town will vote to raise $32.94 for the White Mountains Region Association.

5. To see if the Town will vote to accept State Aid for construction of T. R. A. Roads and if so raise and appropriate the sum of $225.51 for same.

6. To see if the Town will vote to authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes.

7. To see if the Town will vote to raise $300.00 to buy chloride for use on summer roads.

8. To see if the Town will vote to raise the sum of $50.00 for the purpose of placing a memorial to our soldiers in the Town Hall.

9. To see if the Town will vote to raise or hire such sums of money as needed to finish doing the necessary things to town hall and garage, such sum not to exceed $2,000.00.

10. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 15th day of February, in the year of our Lord nineteen hundred and fifty-four.

FONROE CHAPPELL,
ELIZABETH C. HURLBERT,
HENRY T. RICKER,
Selectmen of Clarksville.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Clarksville qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1954, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the School Board to install an oil burner in the present furnace at the Clarksville School Building, and to see what sum of money the district will raise and appropriate to defray the cost of this installation.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Clarksville this 2nd day of February, 1954.

S. ELSIE FURGERSON,
RUBY E. GROVER,
GLADYS V. RICKER,
School Board.

Superintendent's Report

To the School Board and the Citizens of the School District of Clarksville:

Foreword

In all probability we are hearing more criticism today of what our schools are or are not doing than has been heard for a long time. Of grave concern to many parents, educators, and laymen is what they believe to be the failure of the public schools in such responsibilities as teaching the three R's, maintaining discipline, and in using meaningful report cards. For the most part the attention in these criticisms seems to be focused upon the immediate situation, rather than upon the overall long range product of our schools, namely, how well these same pupils, who apparently are believed to be missing so much, fit into our rapid moving society at a later date when they become adults. Undoubtedly, a number of cases can be readily pointed out in most communities where the attainments are not particularly outstanding. The crux of the matter, however, seems to lie in the answer to the question of whether the failure of the individual to have made more of himself is due to his not having received sufficient drill work and his not being disciplined while in school or is it due perhaps, also, to influences received in the home and community during those important formative years.

Whatever may be our convictions about this very difficult and yet vitally important question, all of us—school people, parents, and laymen, for we are all in this work together of educating our children—may well take seriously the criticisms being made of our present day educational programs. Certainly, if we are to go along with the generally accepted adage, and observance of actions seems to indicate that we should, that everything which goes into the mind comes out in life some way, some time, somewhere—then we might well carefully examine the subject matter and the method of teaching it in our schools with the primary purpose in mind of seeing that the content and method will be made most helpful and meaningful to the boys and girls in later years as well as in the immediate present.

Teachers

We are extremely fortunate, as the shortage of elementary teachers continues to be alarmingly acute, to be able to keep our veteran teachers. Mrs. Dorothy E. Blodgett is again teaching Grades 5-8 and Mrs. Jenness C. Phillips is teaching Grades 1-4.

School Nurse -- Health

With the purchase of a new Maico Audiometer by the supervisory union, it is now possible for Mrs. Ethel S. Sturgis, our school nurse, to test hearing at any time and to conduct follow-up work when necessary. The addition of this valuable machine, to that of the Massachusetts Eye Testing Equipment already in hand, provides greater opportunity to help pupils more efficiently maintain that good health so essential to a happy and successful overall school life.

Much important work is done, too, at Dr. Hammond F. Dickson's Dental Clinic, held once a week throughout the school year, for many pupils who would find it otherwise difficult to receive needed dental care. A pre-school clinic conducted in the spring, also, makes it possible to determine the general health status of children planning to enter the First Grade the following fall in time to receive medical attention, when needed, before the opening of school.

Building and Equipment

In accordance with the action taken at the annual school district meeting last March, lightning rods have been installed on the school building, and the insurance coverage on it has been increased to $12,000.00. Due to the recent extensive repairs and renovation work made necessary by the fire, the structure is in an excellent state of maintenance, requiring only a few incidental minor repairs being made during the past year.

New items of equipment added include a much needed map and globe, and a glass beaded screen for the showing of the several excellent film strips now in the school library. Much credit is due the pupils, teachers, and parents for the work done and support given in presenting programs and conducting activities for the purpose of raising funds with which to buy these film strips. Incidently, it might well be mentioned here that the film projector, also, was purchased by funds raised in a similar manner.

Enrollment and Attendance

The number of pupils enrolled in our school at the present time, 26, is considerably less than it was last year, 34, as several have moved recently to another district. Average percentages of attendance for the past year were 88.39 for the Primary Grades and 92.02 for the Upper Grades. The average number of tardinesses for these respective groups for the same period was .33 and .35.

The number of tuition pupils attending high school outside the district has continued to decrease. Of the three now enrolled, two are at Pittsburg, and one at Canaan, Vermont. One elementary pupil is enrolled at the Pittsburg School, also, whose tuition is paid by the parents.

Notes on the Budget

The School Board's budget for 1954-55 is $11,501.00 as compared to $10,728.00 for this year. This amount is reduced by an estimated balance for the current year of $300.00 which leaves $11,201.00 as the requested appropriation. Provisions for an increase in salaries, and for the greater transportation, tuition and retirement costs, for the most part, explain the increase in the budget.

Miscellaneous

The continued willingness of teachers and parents to give of their time and energy so as to make the serving of hot lunches possible is greatly appreciated. This morale-building and health-giving service means much to the pupils during the winter months.

Conclusion

As I have said several times previously, I wish to thank the members of the School Board, parents, teachers and citizens for all the help and cooperation received in our work together to provide good schools. It is only with the assistance of you all that high standards can be achieved and maintained.

Respectfully submitted,

ERNEST B. DANA,
Superintendent of Schools

*The starred items are required by law to be raised as determined by the proper authorities. The salaries of the district officers are determined by the district. A relationship, which takes into consideration school membership and assessed valuation, determines the proportionate share of the salaries paid by each district for personnel employed by the supervisory union. The State Treasurer reports the amount of the per capita tax. The Retirement Board assesses the amount for Teachers' Retirement.
